

# HOPES ARE TURNED TO FEAR.

## VERY SERIOUS

The Condition of the Nation's Chief Executive Has Been Throughout the Last Twenty-Four Hours.

A Slight Improvement Announced Late This Afternoon.

Mrs. McKinley Not Permitted to Enter the President's Room and Kept in Ignorance of the Seriousness of His Condition.--Patient Could Not Digest the Solid Food Administered Yesterday and Suffered a Sinking Spell.--Physicians Fear Heart Failure.

Buffalo, Sept. 13.--The following official bulletin, dated 2:30 o'clock this afternoon had just been issued by the President's physicians: "The President has more than held his own since morning and his condition justifies the expectation of further improvement. He is now better than he was yesterday at this time. Pulse 123; temperature 99.4."

### Hurried Mission of Dr. Stockton.

Buffalo, Sept. 13.--Shortly before 2 p. m. Dr. Stockton and Dr. Mann arrived at the Milburn house and it is believed a consultation is being held. At 2 p. m. Dr. Stockton hurried from the house and gave instructions to the automobile chauffeur to take him to Dr. Mann's house. Dr. Stockton would only say simply that he would return in a few minutes. His mission is unknown.

### More Cheerful at Milburn's.

Buffalo, Sept. 13.--When Gov. Yates, of Illinois, left the Milburn house at 11:35 this morning he said: "The surgeons and Mr. Milburn informed me that there is a slight improvement in the President's condition. Though not sufficient to remove the grave apprehension entertained. The fact that he is no lower indicates in itself an improvement and is the cause of intense gratification. The people in the house are cheerful and the gloom which prevailed the watchers during the early morning is somewhat disappearing."

### President Sleeping Quietly at 12:35.

Buffalo, Sept. 13.--An official bulletin, dated 2:30 p. m. and issued at 1 p. m., says: "The President's physicians report that his condition is practically unchanged since the 9 o'clock bulletin. He is sleeping quietly."

### George B. Cortelyou, Secretary.

### Very Little Change at Noon.

Buffalo, Sept. 13.--At noon Dr. Wasdin came out of the Milburn house and said: "There is no appreciable change in the President's condition beyond the fact that his heart action is slightly stronger." Wasdin said an official bulletin would be issued at 2 o'clock, a consultation having been called for 1 o'clock.

### Mrs. McKinley Not Informed.

Buffalo, Sept. 13.--This morning the doctors prevented Mrs. McKinley from going into President's room and she cannot understand it, as she has not been told of his sinking spell this morning.

### Hanna Demands the Truth.

Buffalo, Sept. 13.--At 10:15 today Mr. Hanna sent word to the physicians demanding the truth. Dr. Rixey said: "The President is stronger than he was an hour ago. We have discontinued the oxygen and salt solution. He has a good fighting chance, but for his heart, and God only knows what it will be."

### An Encouraging Bulletin.

Buffalo, Sept. 13.--The following official bulletin was issued by the President's physicians at 9 a. m.: "President's condition improved during past few hours. There is better response to stimulation. He is conscious and free from pain. Pulse 128; temperature 99 1-8."

### Condition Still Very Critical at 9:40.

Buffalo, Sept. 13.--At 9:40 Dr. Mann left the Milburn house saying that the President was slightly better than in the early morning hours, but that he was still in a very critical condition.

### Dr. Mann Gives Little Encouragement.

Buffalo, Sept. 13.--Dr. Mann informed callers that if the President survived today there would be cause for renewed hope. They are giving him oxygen. The patient was, however, he said, in a state of collapse although his heart action was slightly strengthened. No little excitement was caused among the newspaper men at 9:30, when Arthur O. Sykes, clergyman, entered the Milburn residence. It was thought that the President's condition had become hopeless, and that the clergyman had been sent for. Mr. Sykes, however, came to the house bearing resolutions of sympathy from the city of Portsmouth, Va.

### Distinguished Specialists Coming.

Buffalo, Sept. 13.--Dr. W. W. Johnson, of Washington, and Eugene Janeway, of New York, two of the greatest specialists in the country, will arrive tonight to advise with the President's physicians.

## Cabinet Hastily Called.

A Change for the Worse in the President's Condition Became Perceptible at 8 O'clock Last Evening, When Heart Failure Was Feared.

Buffalo, Sept. 13, 7:10 a. m.--At 8:00 o'clock last evening a change was noticed in the President's condition for the worse, and at 2 o'clock a. m. everybody was in terror. Heart failure indicated the speedy death of the wounded man. Stimulants were administered, and members of the cabinet, doctors and nurses were called. Vice-President Roosevelt, who had left Buffalo Sunday for the Adirondacks, was telegraphed for. Senator Hanna and President McKinley's sister left Cleveland on a special train to hasten to the bedside of the distinguished patient.

The bulletins issued this morning indicate that the President had rallied somewhat and his heart action had become more active, under the stimulus of digitalis, which had been administered by the physicians. The condition was unsatisfactory, however, although the doctors are still hopeful of a favorable issue.

### Was Stronger at 9 O'clock This Morning.

Buffalo, Sept. 13.--Dr. Geo. B. Sawyer, left the Milburn residence at 9 o'clock this morning. He said: "The President is now a great deal stronger than he was three hours ago. Physicians are now in his room dressing his wounds."

### CORTELYOU

Explains Why President's Pulse and Temperature Were Not Given.

Buffalo, Sept. 13.--At 12:31 p. m. Secretary Cortelyou said: "The reason no pulse or temperature was given in the last bulletin is because the President is asleep and the physicians do not want to disturb him. Some weak nourishment was given the President but it is not true that clam broth was given him." Cortelyou will personally issue bulletins every two hours until further notice.

### GREAT ANXIETY

Was Suffered All Night by the Watchers at the Bedside.

Buffalo, Sept. 13.--The cheeriness of Thursday was succeeded by apprehension in the evening and at night when the physicians announced that the condition of the President was not so good. It was explained that the trouble which existed was due to the fact that the food taken during the morning had not been digested, and the rise in his pulse was attributed to that fact. It may be stated quite positively that the consulting physicians did not believe that the failure to di-

gest the food was due to the condition of the wounds in the sides of the stomach, which were believed to be practically healed, and so pronounced by Dr. McBurney and his assistants. The fact that the food would not agree with the patient could not have been anticipated, so it was stated, but as soon as it was found that it had not, the administration of food by the mouth was discontinued. The problem which confronted the physicians was to dispose of this undigested food in the stomach. The fatigue of the patient noted in the afternoon bulletin continued during the night, and several times the President murmured, "I am so tired, I am so tired." Dr. Charles D. Stockton, who has a fine reputation as a general practitioner here, was called in at the evening conference. The problem was one for the physicians rather than the surgeons, and the advice and counsel of Dr. Stockton was considered advisable.

At midnight the physicians issued a bulletin declaring that all unfavorable symptoms had disappeared, but the pulse at that hour was considerably above normal. The bowels finally yielded to treatment.

The decreased rapidity of the pulse from 128 to 120, which followed the bowel movement, was exceedingly gratifying. The physicians are really alarmed about the President's heart. The action of the bowels was pro-

duced by the administration of calomel and oil.

### Sinking Spell.

President McKinley experienced a sinking spell shortly after 2 a. m. The physicians administered restoratives to him with the hope of reviving him. A general call was sent out to the physicians and the members of the cabinet now in the city. Dr. Park reached the house at 2:50 and shortly after him came Secretaries Hitchcock and Wilson. The press was authorized to say that President McKinley was critically ill.

At 3 o'clock all of the physicians were gathered at the bedside of the President. It was stated that digitalis was being administered to the President. Several messengers were hurried from the house. It was understood that they carried dispatches to the absent members of the cabinet and the kin of the President. Additional lights burn for those in the Milburn home and the household is astir. Beyond the statement that the President was critically ill no further announcement was authorized, but it was manifest that the wounded President faced a grave and serious crisis. Alarm could be read in the actions of those to whose nursing and care he was committed. The scene about the house was a dramatic one.

## Scrofula

### THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and of tenacious white swelling—pure signs of hereditary Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seal, 117 Public Square, Nashville, Tenn., says: "My young son, my daughter and I all had Scrofula. From this ward the glands on the side of her face became swollen and burst. Some of the best doctors here and elsewhere attended the worst cases here and elsewhere. We tried S. S. S. and a few bottles cured her entirely."

S. S. S. makes new and pure blood. It is a tonic and strengthener. The S. S. S. is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

## HERR MOST IN JAIL.

Arrested at His Headquarters in New York and Stated Suspicion.

AN EDITORIAL GOT HIM INTO TROUBLE

Another Arrest at Chicago That May Bring About Important Developments—Anarchists Being Run Down.

New York, Sept. 13.—Johann Most, the most widely known of New York anarchists, and editor of *Freiheit*, the organ of the anarchists, was arrested by central office detectives Knarich and Fenneisen. The arrest was made in a saloon, over which are the offices of the newspaper. Herr Most objected vociferously to the arrest, but to no purpose, and he was locked up at police headquarters as "a suspicious person." Captain Tiltus refused to allow

COLGOSZ'S HOME, 304 FLEET STREET, CLEVELAND.

Most to see any one or to make a statement, the captain declaring he would not allow the prisoner to pose as a martyr before the public. The complaint against Most, which covers five and a half typewritten pages, is based on and quotes in full an editorial which Most printed in the *Freiheit* on Sept. 7. The editorial reads in part: "The greatest of all follies in the world is the belief that there can be a crime of any sort against despots and their accomplices. Such a belief is in itself a crime. Despots are outlawed; they are in human shape what the tiger is among beasts; to spare them is a crime. As despots make use of everything, treachery, poison, murder, etc., so everything should be employed against them."

Important Arrest.

Chicago, Sept. 13.—A telegram was received from the chief of police of Buffalo asking the Chicago police to arrest a man described as above the medium height, well dressed, dark complexion and a physician by profession. A man answering this description was arrested a few hours later near Twelfth street and Ogden avenue. He is said to have admitted to the police that he was in Buffalo at the time President McKinley was shot, and attended the exposition that afternoon. He asserts that he does not know Frank, but that he is acquainted with Miss Goldman. The latter admitted that she knew the man but refused to give his name. The man says that he intended to leave for the west the day McKinley was shot, but decided to wait until he learned what developments there were in the matter. "The prisoner is T. Sayliss of Buffalo. Evidence of the allegations held to implicate him was not vouchsafed except for the information that this man had been much in Emma Goldman's company during the time she spent in Buffalo and Rochester in the months of August and September.

Emma May Get Off.

Buffalo, Sept. 13.—The district attorney here announced publicly Thursday evening that he had no evidence against Emma Goldman, and that unless some turned up no requisition upon the state of Illinois would be made for her. This does not mean that the bottom has dropped out of the conspiracy theory. It simply means that no evidence has yet been secured to connect her with the crime. If she is released she will be kept under the closest surveillance and it will be easy for the authorities to place their hands upon her if she is wanted later. The secret service will trace Colgosz's whereabouts back step by step. One of the things which is desired is a complete report of the lectures the president's assassin said inspired him to commit the deed.

Maggie Bound Over.

Santa Fe, Sept. 12.—Antonio Maggio, the alleged anarchist, has been taken from Silver City to Albuquerque. He was cross-examined but refused to divulge anything upon the subject of the president's assassination, although witnesses were present to testify that he repeatedly predicted the president would be assassinated before Oct. 1. He was bound over for hearing on the charge of conspiracy to murder.

Pope's Sympathy.

Washington, Sept. 12.—A delayed cablegram to Cardinal Martinielli from Cardinal Rampolla, secretary of state to Pope Leo, dated Sept. 7, says: "The holy father has learned with great sorrow the attempt to assassinate the president of the United States. Your eminence will convey to Mr. McKinley the expression of his holiness' sympathy and regard for his person, assuring him that his holiness deprecates with all the power of his soul the horrible crime, and with equal energy prays for the president's speedy recovery."

Struck Off.

Charleston, S. C., Sept. 13.—The town of Lake City, Williamsburg county, is greatly excited because an artesian well borer is reported to have struck oil and coal in quantities at a depth of 68 feet. What is believed to be anthracite coal, in places as large as guinea eggs, was found, and the fluid accompanying is said to "smell and burn exactly like kerosene."

## GRAND ARMY.

Sharp Attacks Made Upon the Pension Commissioner.

Cleveland, Sept. 3.—The session of the national convention of the Grand Army was taken up with the reading of the reports by the commander-in-chief, adjutant general chaplain and the various committees. Commander-in-Chief Ransier in a speech severely arraigned Pension Commissioner Evans upon his administration of the affairs of the pension bureau. His complaint embraced alleged unfairness and dereliction of duty in office. General Sickles was careful to exonerate President McKinley and directed his attack at the head of the pension bureau direct. Senator Hawley announced his intention of fighting any attack upon Commissioner Evans. He expressed the fullest confidence in the administration to rectify any existing evils in due time, and counseled moderation in the convention. It was thought that the majority of the delegates were in accord with Senator Hawley's views.

The report of the committee on credentials was adopted. The roll prepared by the adjutant general showing a total voting strength of 1,240, said to be the largest in point of attendance in the history of the organization. A number of cities are in the fight for the next encampment of the Grand Army, Detroit, Denver, Atlanta, St. Paul, Salt Lake City and Charleston, W. Va., being mentioned in the list of contestants.

The majority report of the pension committee criticizes the present pension system as much, if not more, than it does the commissioner. It sets forth that the system is wrong in that the interests of pensioners are entirely in the hands of one man. A pensioner has no appointment in the bureau and can not take his case into court. The establishment of a court of appeals is advocated. The grievances of the veterans in relation to the pension system are carefully worded so as to avoid the imputation of criticism against the administration, and placed in interrogative rather than assertive form. The minority report states that it is openly charged that the pension roll, far from being a roll of honor, is saturated with fraud, and contains thousands and thousands of names not entitled to the bounty of the government, and recommends that the president be petitioned, "now that the term of office of the present commissioner has expired, to appoint a successor of known integrity, capacity and fidelity, who will faithfully execute the duties of the office in obedience to the laws of congress."

Virginia Suffrage Plan.

Richmond, Sept. 12.—A meeting of the Democratic members of the constitutional convention was held here, when a substitute for Senator Daniel's suffrage plan was presented by Delegate Thom of Norfolk. The substitute has the support of the majority of the committee. It was read and a committee named to confer with Chairman Daniel and the minority to see if an agreement can not be reached. The most radical difference between the Daniel plan and the substitute is that the former requires all voters to pay the capitation tax of \$1.50, while the substitute exempts all who have done military duty from that.

Strike in the B. & O. Shops.

Washington, Ind., Sept. 12.—Although the 850 machinists in the Baltimore and Ohio Southwestern shops here decided not to join the strikers, yet many of the machinists called for their time and quit. Forty more laborers were imported from St. Louis, but only part of them went to work. Master Mechanic Hair said that he does not think there is danger of violence from the strikers, but the armed guards are necessary to protect the property from vandals who would take advantage of the trouble. He said the company means to win the strike, no matter what the cost.

Office to Be Removed.

Indianapolis, Sept. 3.—Plans are making to remove the office of the church extension branch of the African Methodist Episcopal church, now at Philadelphia, to this city. There have been repeated efforts by the western part of the church to bring one or more of the general officers to the west, hitherto without success. The Rev. B. F. Watson, general secretary church extension board, however, favors the plan and was in this city for several days looking up a location and completing arrangements for the removal.

## MORE CARE IN FUTURE.

Protest Against the Exposure of the President to Attacks.

Now that the unexpected but feared has happened, Washington is disposed to raise its voice in protest against the unnecessary exposure of the president to the assaults of fanatical and insane persons, foreign or domestic, who may fancy themselves commissioned to interfere with public order and civilized custom, says the New York Times. When President Cleveland was an occupant of the White House, a large force of officers in uniform and plain dress was employed, and sometimes the president was criticized for allowing this guard to surround him when it was provided by the District as a precaution and has been continued to some extent ever since.

Everywhere was heard the other night bitter regret that the president had consented to attend a public reception where he was exposed to the attack that has just stirred with horror the civilized world. There is likely to be a more secret guarding of the president hereafter and possibly closer scrutiny of the persons allowed to enter the White House to shake hands with him.

Every time a president has descended from his library to the east room to meet the company collected there from every part of the country, unknown to anybody in the building, the risk has been run of meeting some Colossus or Goliath, inspired with hatred of order or factional vindictiveness. Whenever the president went while away from Washington he has been accompanied by a secret service officer named Foster, a courageous and capable man who had not too much confidence in the pacific appearance of any crowd. He has followed the president when he went driving or riding just to avert any disaster of the kind that happened the other afternoon. Only persons who knew him would have observed the watchful man who drove a distance behind the president to be within reach if a sudden assault were made upon him.

For Mr. Fendel, the oldest of the doorman on duty at the White House, the attack upon Mr. McKinley was the third shock of the kind he has known. He was at the White House when Lincoln left it to go to Ford's theater the night he was shot and took care of little "Ted" Lincoln during the absence of the party. Then he saw President Garfield borne in from Sixth Street station in 1881 to linger awhile and be taken to Elberon to die.

He could scarcely speak of the matter, wondering how it could be that such good men were marked for assassins' pistols. "It looks as though we would have to keep the president in a fort and search all visitors before letting them in to talk to him," he said. "Assassination is too easy here."

ANCIENT ARIZONA RUINS.

Discovery of Remains of a Civilized People in the Mountains.

Ages ago the famous petriford forest of Arizona was the home of at least four distinct groups of people who attained a comparatively high degree of civilization, says a dispatch from Admoran to the New York Times. This remarkable fact has just been established by Dr. Walter Hough of the Smithsonian Institution, who has excavated ruins probably 2,000 years old. Dr. Hough said recently: "The camps that were found face northeast and are rectangular. The houses excavated are three stories high. The masonry would do credit to modern craftsmen. Many of the stones are eight feet square. These ancient people must have had facilities for hoisting."

"The many graves excavated showed that internments were deep. In one place twelve pieces of new pottery, some beads and other objects or ornamentation. The sites were unusually well constructed. In front of the villages were shelves of red granite and petriford wood, and about them were objects of shell and fine pieces of polished chalcodony, which were buried with the dead."

In the Apache reservation, near Fort Huachuca, the expedition discovered a ruin covering seven acres, with a dance plaza of one acre and an acropolis 170 feet in diameter, filled with rooms. The masonry was more massive than that found in any previously excavated. The acropolis was surrounded by a circular stone wall two feet thick and containing stones one yard long, two feet wide and two feet thick. Highly polished decorated pottery was found. The examples of colored ware are remarkable and have interior decorations. One fine bowl has a decoration representing a herdsman tending a flock of curious animals. Crocodile and dog skulls were discovered.

The New Mode.

The habit of smoking after dinner in the drawing room, added to the fact that many women smoke, is another reason why it is so easy to play a game of cards without getting weary of it, for cigars and bridge are inseparable, says The Ladies' Field. But when bridge can be played and both men and women smoke during its progress there is no disposition on the part of the men to go away to their club.

And No French Dressing.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave Gen. Burnham of Michigan, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. But she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking she slept at night. Further she entirely cured her. This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at H. F. Vorkamp drug store.

Trustee and Mrs. John  
Thompson.

The Ghost Craze Has Broken Out at  
Westminster—Case of Diphtheria  
Develops at a Reece Avenue Home

Cards are out announcing the wedding of Miss Nettie Thompson, daughter of John Thompson on south Main street to Carl Jacobs. Both are exemplary young people of south Lima, whose friends are pleased to congratulate in advance. The wedding will occur at the home of the bride's parents on south Main street Wednesday evening, October 9th at 8 o'clock. It will be one of the society events of the season.

The ghost craze has broken out again. This time at Westminster. A house in that village is said to be haunted. Strange noises as if some one was dragging something over the floor of an upper room are said to be heard. If the ghost makes a long enough stand a party of south Lima persons, who were disappointed in getting to Cincinnati when they were holding forth there, will go to Westminster.

Another case of diphtheria has developed at William Broadrick's on Reece avenue. This is the fourth one there in the past few days.

South Lima sportsmen will attend the three days shooting tournament commencing at the reservoir next Tuesday.

T. J. Black, of Ada, accompanied by his wife, are the guests of Mrs. Ruthell Laughlin, on St. Johns avenue.

Mrs. W. E. Slater came home last night from Ada, bringing with her Master Eugene, who has been visiting his grandparents there several days.

This morning at four o'clock the south Lima fire department was called to the store house at the Lake Erie shops, where a fire was raging. Several bales of waste with a large quantity of linseed oil were burning. Prompt work on the part of the ladders brought the flames under control after an hours fighting. Damage done to the building will amount to over one hundred dollars. Spontaneous combustion is thought to have originated the fire.

A stranger claiming to be from Mobile, Ala., started out at an early hour this morning to make things interesting on south Main street. He went into several places starting trouble with the proprietors. At the Aldine hotel he became so offensive he had to be taken to task. He was still making the rounds when officer Miller took him in charge.

Reports from Rev. Clarence Mitchell recently pastor of the south Lima Christian church are flattering. He was formally installed in his new charge at Wellsville, N. Y., Sunday. The congregation is well pleased. He will undoubtedly succeed in his new field.

Pilfering in south Lima still continues. The latest victim of the thieving young gang is W. A. Nungesser, who suffered considerable loss. He finally succeeded in catching one of the culprits. Their scheme was for two of them to go into the store to make a trifling purchase. While one engaged the attention of the proprietor the other would purloin articles from the store.

Yesterday evening Mrs. Louise Tremaine celebrated her birthday anniversary by entertaining friends at her home on Greenlawn avenue. A pleasant time was enjoyed by all. She received a number of presents. Refreshments were served.

Lemuel Linderman, of Second street is at Cleveland, consulting specialists regarding a malady of an alarming nature. He may be compelled to undergo an operation.

Charles Napier on west Kibby street, is home from a business trip to Cleveland.

Thomas Herim, on St. Johns avenue, was much worried last night over the long, strange absence of his sister, who left home early yesterday morning, and was not heard from until a late hour last night.

Paving on west Kibby street is com-

menced. The work will be rushed to completion.

J. E. Rocco, a student at the Indianapolis college, is visiting in south Lima. He is accompanied by Warren Maxwell.

Ruben White, of south Central avenue, has returned from the G. A. R. encampment at Cleveland.

Daniel Cramer is again able to be at his store, after a two days absence caused by illness.

Jacob Huffman, of west Vine street, has recovered from his recent illness.

John Minch returned to his home on St. Johns avenue, last night from attending the encampment at Cleveland.

Frank E. Black from Fresno, Cal., is being entertained at the home of his cousin, Mrs. Ruthell Laughlin, on St. Johns avenue. His wife, who accompanied him east is at Fort Wayne, Ind., where her father is precariously ill. She will arrive in Lima as soon as he recovers.

F. M. Brooks, on south Jackson street, who was seriously injured at the Adgate pumping station several days ago, is still in a critical condition, not having regained consciousness.

Mrs. Iva Post, from Spencerville, is the guest of Second street friends.

Rev. G. Mitzer, of St. Johns, is visiting J. E. Coleman on Broadway.

C. E. Baldwin, who has been employed in south Lima several months, has gone to Michigan to accept a position.

John Linderman, of Second street, in company with his wife, is attending the Pan-American at Buffalo.

Mrs. S. S. Crabb, of Circular street, fell yesterday, breaking her left arm.

Relatives here of Miss Ruth Black, of Ada, have been informed she is suffering from temporary mental aberration caused, it is thought by something she ate. Her sufferings are excruciating, but it is thought that she will eventually recover.

**BIG TIME AT BUFFALO.**

Railroad Day at the Pan-American Exposition.

The second Saturday in September, the 14th, will be Railroad Day at the Pan-American exposition. It promises to be one of the most interesting days of the great show at Buffalo.

Elaborate arrangements have been completed for an interesting and novel demonstration. The grand parade on the Exposition grounds that day will be extremely unique and interesting. It will illustrate the different methods of transportation in use since Adam and Eve moved out of the Garden of Eden. There will be many striking novelties in the way of special features. Hon. Chauncey Depew will be one of the distinguished orators. The night illuminations and fireworks will be on a magnificent scale. The day and night festivities will be highly enjoyed for Pan-American Exposition visitors. Special low fares in effect over the Pennsylvania Lines will permit everybody to attend at small expense. For particulars about the cost of tickets, through time to Buffalo, etc., apply to nearest Ticket Agent of the Pennsylvania Lines.

And Endeavor to Settle Who  
is the Better Man.

The Lima Lad is at the Findlay  
Races Where He is Engaged in  
Making Books—Both are  
Anxious.

Kid Boop, the Lima bantam boxer, who has made his appearance in this city on several occasions as the opponent of Terror Big Mackey in a friendly boxing bout, has come to Findlay again, says the Courier. This time he is assuming a new role. He is a bookmaker and it is said a very good one. His presence on the fair grounds has caused no end of comment, especially among sporting men.

When Black Frank Taylor and Prof. Con Riley make their bow before the audience composed of members of the Business Men's Athletic club and their friends at the Davis opera house tomorrow night, Boop will occupy a front seat. He will remain until the show is over and then he will meet Prof. Riley for the purpose of arranging another meeting with Terror Mackey.

The possibilities of another meeting between Boop and Mackey are excellent. The Lima lad is in the pink of condition. He has been training all along and has developed some wonderful new tricks of late. It is almost assured that the Findlay boy and the Lima boy will grin at each other two weeks from tomorrow night.

**LAST****Week's Crude Field Operations.****New Producers**

Were Quite Numerous  
in Allen County.

Good Strikes Made in the  
Territory in the Vicinity  
of Elida.

A Couple of Good Producers Drilled  
in in Monroe Township—Late  
Reports from Beaumont  
Districts.

The week's work in local territory has furnished quite a number of new producers in different parts of Allen county but failed to add any new territory to the drillable areas, says a dispatch to the Derrick. The Elida district in German township has the best wells of the lot, the Sand Fork Extension Oil company being quite active in drilling on their recent purchases. On the M. L. Bowyer farm in section 18 Nos. 14, 15, and 16 started off at 65, 40 and 45 barrels respectively. The same company's No. 5 G. W. Herring in section 19, did 60 barrels the first day and Arson H. Russell's No. 1, A. John, section 18, started off at a 40-barrel gait.

Each township has one pretty good well out of three. The Ohio Oil company's No. 20, county infirmity, section 22 started at 90 barrels, and H. P. Burdard & Co.'s Nos. 1 and 3, L. Schatz, game section, are good for 10 barrels each.

In Amanda township, one small oil producer was the week's result. The Shannock Oil company and Kerr's No. 14, Weissenmayer, section 13, is good for 15 barrels. The same company's test on the C. D. Whirl, same section began on brine as did Atkins Bros' test in the Sunderland, in section 14.

Perry township had nothing new except a 5-barrel pumper. This was H. S. Hill & Co.'s No. 6, J. Tapscott, section 2.

In the Monroe township end of the Beaver Dam field the Sand Fork Extension Oil company's Nos. 3, J. Lewis, and 4, E. Lewis, section 35, made 70 and 50 barrels respectively the first day. In section 36, same township, W. L. Russell's No. 3, S. E. Whipp, is good for 30 barrels.

E. G. Neely's No. 12, J. A. Shull, in the Beaver Dam field, section 32, Richard starts at 40 barrels.

Rush, Delo & Co., got a nice well in the Spencerville field on the Arden farm, section 1, Spencer. Their No. 1 when put to pumping showed a 50-barrel gait.

Auglaize county's reports were very light only one well to its credit. Althousen & Co.'s No. 4, Kobhoust, section 19, starting off at 20 barrels.

In Hancock county districts the best wells were found this week in Allen township, the Bright Oil company got one on the L. Lyons farm in section 12, which started off at 150 barrels in section 19, Howe & Co.'s test on the A. E. Huntington is doing 100 barrels, after getting the water exhausted, and E. B. Drake has one equal size in the test on Th. S. Huntington, same section. Jeffords & Co.'s No. 2, J. D. Barnd, section 18, is good for 20 barrels, and the Elcho Oil company & Black's No. 4, R. Francis, section 26, started off at 30 barrels.

In Liberty township H. G. Keenan's No. 1 on the J. Furguson, section 15, did 30 barrels the first 24 hours, and Watson Bros' No. 4, Grace Watson, section 10, did 50 barrels.

In the Waterville township district in Lucas county, the Turkey Foot Oil company's No. 7, John Pfeiffer, had an initial yield of 100 barrels.

Good Well at Pine Grove.

A dispatch from Pittsburg says: "In the Pine Grove district, Weizel county, West Virginia, E. H. Jennings & Brothers have completed their No. 26 on the L. S. Hoyt farm, and have a producer that is placing 300 barrels a day to its credit."

In the same district, the South Penn. Oil company has completed its No. 3 on the J. U. Joliffe farm and has a duster. The same company has shot its No. 1 on the John Palmer farm, and has increased its production from 15 to 120 barrels a day. The same company has drilled in its No. 4 on the Presley Martin farm and has a show for a 10-barrel pumper."

Future of Beaumont.  
Events in the oil fields continue quite unimportant says the Toledo Time. There seems to be a disposition on the part of operators to do less drilling even with the approach of

But this kind of information does no one any good but the parties interested. It, however, points out the resources of the petroleum trade to a degree. If the history of every man who has become suddenly rich by it were written the book would be a good sized one, indeed.

Perhaps the story of the men who have made millions and died without enough to purchase a first-class outfit to start on the journey to the other side, would be of more service to the rising generation. That would be the larger of the two books. It would read like action, otherwise known as falsehood. The other would read like truth, and yet be chock full of lies.

## ALLEN COUNTY'S LOSS.

BY REASON OF THE UNDERVALUATION OF THE RAILWAY PROPERTY WITHIN ITS LIMITS IN 1900, \$51,840.73.

HAD THE RAILWAY PROPERTY BEEN PLACED ON THE DUPLICATE ON THE SAME BASIS AS ALL OTHER PROPERTY IT WOULD HAVE NETTED OUR COUNTY \$91,840.73 IN TAXES, AND RELIEVED THE FARMERS AND OTHER REAL ESTATE OWNERS TO THAT EXTENT.

BY REASON OF THE UNDERVALUATION THEY SUFFER A LOSS TO THAT AMOUNT ANNUALLY.

Mr. Bryan's discovery of any connection with a third party movement will send cold chills up and down the spinal column of the Republicans who are basing their hopes upon Democratic dissension. Democrats have no quarrel among themselves now. There are too many infamous movements to antagonize in the Republican party for them to waste their energy in senseless bickering. Mr. Bryan knows this and is acting accordingly.

The Jamestown (N. Y.) Journal has been wrestling with the name of the President's assailant and has this to say: "Few persons attempt to pronounce the name of Czolgosz, who shot the President. It cannot be spelled phonetically by the English alphabet, it being a Russian name. Written according to its sound, the name of Czolgosz, or its nearest equivalent, is 'Tcholligosh,' or more broadly speaking 'chooligosh.' 'Cz' is represented in the Russian alphabet by a character which is pronounced 'sch,' the same as though one were suppressing a 'sch.' The next two letters, 'ol,' are pronounced in combination as though written 'oli,' and the remaining letters of the name 'gosh,' have the sound of 'gosh.' Tcholligosh will probably be the accepted pronunciation."

## "The Heart of Chicago."

"The Heart of Chicago," Lincoln J. Carter's spectacular comedy drama will be produced for the second time in this city, Saturday afternoon and evening. It is said to contain a story of extraordinary power, well told and relieved by many bright moments of clever comedy. The interpreting company includes some very clever people who ought to do full justice to the thrilling story. All the scenes and incidents are located in the great western metropolis, and the story runs through the space of time between the great fire and the World's Fair. We are promised an abundance of handsome scenery, wonderful mechanical effects and mysterious electrical devices. Chief among these many scenic features are the vivid reproduction of a section of the great fire, and the wonderful advancing locomotive, which is seen to approach rapidly from apparently miles away and brings up at the footlights full sized and perfect. This effect is covered by 25 patents.

Special by wire to Times-Democrat. Chicago, Sept. 12.—Fearful violence to the nine anarchists who are seeking release by habeas corpus proceedings, it was decided by Judge Chelton this morning not to have their hearing in the county building but to remove the prisoners from the jail to one of the criminal court rooms. They are safe there now.

An immense crowd was on hand to see the anarchists and the feeling against them is intense. Assistant prosecuting attorney Robinson harangued a crowd and offered to lead a mob against the prisoners. The crowd was finally dispersed by the efforts of the police.

## RELIEF SHIP

Returns to Sydney and Reports the  
Finding of Explorer Peary.

Special by wire to Times-Democrat. Halifax, N. S., Sept. 12.—The steamer Erik which sailed from Sydney on July 14, last, for the north to search for explorer Peary and his wife, returned to Sydney this morning. Peary succeeded in penetrating as far as 82.50 north. The Erik found the Windward safe at Etah. Peary was left at Cape Sabain. The only mishap the Erik met with was the loss of her anchor at Alexandria sound. The relief expedition brought back some 250 walrus heads and a number of kayaks and other curiosities. All of the members of the expedition are well.

Peary reached the farthest point north ever attained in the western hemisphere—82 degrees 50 minutes. He will try for north pole again next spring.

Peary failed to reach the north pole but his party is all well and their work is of vast scientific importance.

Effort Being Made  
by Shaffer to

Settle Strike.

Advisory Board Has Ad-  
vised ShafferTo Make One More Attempt  
to Get Together With  
Schwab.The Demand Made That the Strik-  
ers Will Not be Discriminated  
Against on Account of  
the Strike.

Special by wire to Times-Democrat. Pittsburgh, Sept. 12.—President Shaffer, of the Amalgamated, is making a last effort to settle the steel strike today. His executive board had advised this course. The terms sought are those of President Schwab, which were that all mills now on strike and not open will be signed as union. The open mills will be considered as non-union. The employees are not to be discriminated against on account of the strike.

## LARGEST

Shipment of Pianos Ever  
Made to Lima, Received  
by Porter & Son.

The enterprising firm of B. S. Porter & Son, dealers in all kinds of musical instruments, 141 south Main street, have received probably the largest single shipment of pianos ever made to a Lima firm, a whole car load. The shipment consisted of the leading makes of the world and included such standards as the George Stock piano, the J. & C. Fisher, the Harvard, Haines & Co., Martin Bros., Ebersole and several other leading makes. These are now shown and will be on exhibition all fair week.

B. S. Porter & Son also have many downright bargains in second-hand instruments. For instance there is a piano, out only a year, and now offered for \$165. Here is another in splendid condition for \$140. A fine Knabe in ship-shape for \$175. Then a royal old square piano to be sold for the low price of \$40. Another one is priced \$65. They are genuine piano bargains, if ever there was one, and everyone interested in pianos should not fail to visit the store and see them this week.

At least twelve or fifteen first-class second-hand organs are to be had at from \$10 to \$50. First class pianos to rent.

Mr. Charles O'Harrow, late of Toledo, is one of the best piano tuners in the state. He is now with Porter & Son. Don't forget to leave your orders at 141 south Main street.

## GREAT ANXIETY

(Continued from 1st Page.)

President's physicians at 2:50 a. m.: "The president's condition is very serious, and gives rise to the gravest apprehension. His bowels have moved well, but his heart does not respond properly to stimulation. He is comatose. The skin is warm and the pulse small at regular beats, easily compressible, and 126; respiration 30; temperature 100."

At 2:35 a. m. the president was so weak that he apparently did not suffer much. Strychnine, digitalis and other powerful heart stimulants did not produce effect, and the worst is feared. His death might occur any time from heart exhaustion. Mrs. McKinley had not yet been notified of the change for the worse.

At 3:55 a. m. the physicians were still assembled at the bedside of the president. They were administering digitalis and strychnine. They looked for a rally, but up to that time no hope came from them to those who were waiting on the outside.

## Early Opinions.

The president is feeling the strain of his long siege without food, no nourishment at all having been administered during the first three days, and lying day and night practically in the same position is fatiguing and hard for even the most exemplary patient to bear without murmuring. The doctors are directing their energies toward building up the president's strength. The interior wounds are pronounced healed, and so long as no complications arise the outer wound will gradually heal. Bringing up the general condition of the patient is, therefore, of prime importance.

"There is nothing alarming about this," said Secretary Wilson, "and I am not concerned. The trouble is confined entirely to the stomach. It had lain idle for several days and it seems natural that this should cause a little trouble. The wound is not affected in any way."

Another person, identified with the case, said: "The trouble now is the question of nourishment and proper disposition of food through the stomach and bowels. The surgical treatment of the case is practically finished. The abdominal wound now gives no cause for concern. It is healing, looks better and is gradually disappearing. There are no indications of peritonitis, blood poisoning or inflammation whatever of any organs—absolutely none. The kidneys, which for a time caused some apprehension, also are working excellently, and there is no apparent danger from that source. But as I said before, the trouble and source of danger now is in the stomach and bowels. The amount of indigestion in the urine indicates a disturbance in the gastrointestinal canal, called in medical terms intestinal toxemia. The fact is that the president should not have been allowed to take any food through the stomach because of the wound in that organ. Nourishment therefore was administered through the rectum, but this has become an annoyance because of the irritation and soreness of that organ. Nourishment, however, is absolutely necessary to keep up the strength. So the case is somewhat complicated."

## TORRENCE WON.

The Sickles Vote Went to  
Him, Defeating Stewart.

Special by wire to Times-Democrat. Cleveland, Sept. 12.—Eli Torrence, of Minnesota, was today elected commander in chief of the G. A. R. Gen. Sickles, of New York, withdrew, and Stewart, of Pennsylvania, remained in, out the Sickles support going to Torrence, won the day for him.

# HIGH

Officials of the C.  
H. & D.

Were in Lima

Spent Several Hours  
at the Shops.

No Real Significance Attach-  
ed to Their Visit, Says  
Supt. Cory.

On Board Were President Woodford,  
Vice-Prest. Zimmerman and  
H. F. Shoemaker, of the  
Board of Directors.

There arrived in Lima yesterday  
afternoon on No. 5, three of the high-  
est officials of the C. H. & D. railroad.  
On board the private car were Presi-  
dent Woodford, Vice President Zim-  
merman and Chairman of the Board of  
Directors, H. F. Shoemaker, the latter  
an uncle of Assistant Superintendent  
Shoemaker, of this city. No. 5 left  
the private car in Lima, and the dis-  
tinguished visitors, escorted by Super-  
intendent Floeter and Supt. of Mo-  
tive Power C. H. Cory, who accom-  
panied the party from Dayton, paid a  
visit to the mechanical departments of  
the Lima division, visiting all of the  
shops and taking a general survey of  
the surroundings.

"There was nothing of a really sig-  
nificant nature in the visit of the of-  
ficials," remarked Mr. Cory, "other  
than that of familiarizing themselves  
with what is being accomplished in  
Lima, and to satisfy themselves that  
there is a further necessity of spend-  
ing some money," he added with his  
ever genial smile.

The private car was attached to No.  
5 at 6 o'clock and the officials left  
Lima for Dayton, from which point  
they will take a trip of inspection over  
the Wellston division.

Attorney H. P. Probasco, of Cin-  
cinnati, who is just now very much in-  
terested in watching the prospects of  
proposed electric lines that want to  
parallel the C. H. & D., was on the  
private car with the officials of the  
latter road yesterday.

## A Big Excursion.

The management of the Detroit  
Southern road is more than pleased  
with its excursion business says the  
Springfield Sun. On last Saturday it  
handled 1,400 people to Detroit, re-  
turning all of them Sunday, pleased  
with their trip. At this, hundreds  
who wished to go and who already  
had tickets could not get on the  
trains, and 400 tickets sold between  
this city and Lima were redeemed or  
held to be used next Saturday. When  
the trains left the city Saturday  
evening a message was sent to all op-  
erators along the line between here  
and Lima advising them the excursion  
was called off. The people remained  
at the stations in many cases, just to  
see the more fortunate passengers go  
through. Inquiry has been made by  
many as to whether tickets sold for  
last Saturday will be good for the  
coming Saturday, and on being told  
they would, are simply holding on to  
them, waiting patiently to make the  
trip. There never was a greater sur-  
prise sprung on any set of railroad  
men than was the excursion of last  
Saturday evening. Where 800 people  
at the outset were expected to go  
1,400 went, leaving fully 500 more un-  
accommodated. The experiment thus  
far has convinced the officials that  
heavy excursion business may be de-  
veloped to Detroit, and next year is to  
see a revolution in equipment for this  
purpose. If present plans carry, ex-  
cursion trains next summer will carry  
as many as six sleeping cars for the  
benefit of those who wish this con-  
venience while day coaches will be in  
abundance for others who are content-  
ed with the more ordinary accommo-  
dations.

The Detroit Southern has five ex-  
cursions arranged, all to take place  
within three days—Saturday, Sunday  
and Monday. One will be from Bain-  
bridge to Detroit Saturday night, the  
sequel to that of last Saturday. An-  
other will be from Springfield to  
Quincy, taking the Wickham & Chap-  
man employes up for an outing. Still  
another will be run from Greenfield  
to Jackson and return on account of  
Buffalo Bill's show. On Sunday there  
will be an excursion from Jackson to  
Toledo and the series will end when  
on Monday morning at 2 o'clock, a  
special train will start from Wellston  
to Greenfield.

Quite a laughable story is told by  
one of the Detroit Southern officials

Saturday. One old farmer came back  
Sunday, his countenance radiant with  
joy which shown out regardless of a  
coating of two days of dusty travel.  
"Say," he said as he laughed from  
the train. "I never had a better time  
in my life than I did during the 14  
hours I was in Detroit. But let me  
tell you: I seen something up there  
that I never seen before in all my  
life, and that was a gasoline stove rig-  
ged onto a wagon which sketched over  
the streets just like blazes." The for-  
mer had his first glimpse of an auto-  
mobile.

At Still Tide.  
The flow of travel to Cleveland  
reached the stand still point yester-  
day when only a few tickets were  
disposed of and the incoming trains  
began to bring to their homes the  
early visitors. Today and tomorrow  
there will be a rush of passenger  
business again over all railroads out  
of Cleveland, as the encampment is  
drawing to a close and another big  
reunion of the Old Vets will have  
passed into history.

The Break Had to Come.  
There has been something wrong  
on the Clover Leaf for the past few  
weeks, as not a single mention has  
been made of an official resignation.  
The break came yesterday, however,  
as President Norton announces in one  
of his "every-when-a-while" circulars  
that B. R. Stephens has resigned as  
general superintendent and C. F.  
Franklin has again been restored to  
that uneasy office. The circular does  
not say in what pigeon hole they have  
placed Mr. Stephens. Supt. Frank-  
lin's headquarters will be in Toledo.

Had a Shoulder Broken.  
Engineer James Cranston fell from  
the cab window of a Lake Erie and  
Western engine on the Fort Wayne  
division last Tuesday and sustained  
a fracture of one of the shoulder  
bones. He was shifting cars at Ossian  
and fell while leaning out of the win-  
dow looking for signals from the train-  
men. He is now at his home on Mar-  
ion street, where he is likely to be  
confined for several days.—Fort  
Wayne Sentinel.

An Awful Fall.  
C. M. Overly, superintendent of  
construction on the C. H. & D., wit-  
nessed a frightful accident at Toledo  
day before yesterday. Wm. Mull, an  
iron worker was at the top of the big  
steel elevator now under way, when  
he lost his footing and fell to the bot-  
tom. The unfortunate man struck  
the steel landing and was terribly in-  
jured, but when Mr. Overly left To-  
ledo was still alive, although there  
was no chance of his recovery.

ADD C. H. & D.  
A telegram from Assistant Superin-  
tendent Shoemaker this morning an-  
nounced that he would return to Lima  
this evening. His vacation took him  
to a point in northern Michigan after  
a pleasant stay at the Snows.

General Notes.  
Another local freight is to be added  
to the Clover Leaf on the west end,  
making two trains in service between  
Delphos and Van Buren, Ind., instead  
of the turn-around local between Del-  
phos and Bluffton, Ind.  
Indianapolis Journal—"The Pitts-  
burg, Fort Wayne and Chicago ex-  
change additional guaranteed special  
tickets to the amount of \$1,291,200.  
The money will be expended in im-  
provements to the property, second  
track, etc."

Watt McConnell has resigned his  
position with the Pennsylvania freight  
office at Fort Wayne and accepted a  
position with the weighing and in-  
spection bureau. Mr. McConnell has  
been assigned to the Lake Shore and  
Lake Erie & Western roads.

Garwood's New Position.  
Denn A. Garwood, formerly purchas-  
ing agent for the Cincinnati Northern,  
and more recently connected with the  
Lima Northern in the same capacity,  
is now manager of the advertising de-  
partment of the Ferris Bros. Manu-  
facturing Co. The concern is one of  
the largest uniform and badge manu-  
facturers in the country. Mr. Gar-  
wood is qualified for this position, as  
is evidenced by some of his work that  
has appeared in The Blade. He writes  
an excellent story and is a good illus-  
trator.

Tiffin & Southwestern.  
A dispatch from Tiffin says.—Hon.  
M. A. Smalley, of Toledo, and other  
officials of the Tiffin & Southwestern  
railway company, were in the city  
yesterday and started over the pro-  
posed line from Tiffin to Kenton, with  
L. H. Burgoon, with whom the com-  
pany is negotiating for the construc-  
tion of the road.

Mr. Burgoon built the line between  
Delphos and Akron, now owned by the  
Lake Erie & Western Railroad com-  
pany. He has recently completed  
fifty miles of road in southwestern  
Missouri. The Tiffin & Southwestern  
route from Tiffin to Kenton, via the  
McCutchenville road, measures 43  
miles. The promoters have steadily  
proceeded in the business connected  
with the project, since its inception  
and there is every evidence that the  
efforts will not end until the line is  
completed and in operation.

"WHATEVER YOU GET FROM THE UNION IS RIGHT."

states that the Lake Shore people are  
looking for excellent results through  
its acquiring control of the Lake Erie  
and Western, says the Indianapolis  
Journal. Since reorganized by the  
Briess syndicate the company has not  
borrowed money; every dollar put into  
improvement of the property has  
come from the earnings, and the Lake  
Shore people are pursuing the same  
methods with the road at present.  
The Lake Shore has controlled the  
property eighteen months and has ex-  
pended money liberally in improving  
the roadbed, and will soon equip it  
with rolling stock second to no road  
in the country. Within another eight-  
teen months it will run its trains over  
as solid and smooth a track as any in  
this territory. Over 150 miles of  
heavy steel rails have been laid this  
season, and the work of substituting  
heavy steel for light rail is still pro-  
gressing and will terminate only, says  
one of the officials, when the main  
lines are all laid with heavy steel.  
Bridges have been so improved that  
the heaviest locomotive can be run  
over them and then the financial and  
physical condition will be such as to  
make it one of the most valuable  
properties, as a money earner, in this  
territory. The system extends from  
Sandusky, Ohio, to Peoria, Ill., 420  
miles; with the Minster branch, ten  
miles; Indianapolis to Michigan City,  
162 miles; Fort Wayne to Connors-  
ville, with a branch to Rushville, 133  
miles—a total of 884 miles.

## Lake Huron's Big Storm.

Round house foreman Ira Beebe is  
back at his post of duty again after a  
delightful outing with his family at  
Mackinac. The voyage over was de-  
lightful, but returning was one of the  
worst trips that uncertain Lake Huron  
could offer. Of the 300 passengers,  
not more than 100 were able to bat-  
tle successfully with sea sickness, and  
Mr. Beebe was one of the fortunate  
ones. Both of his sons, and his wife  
and daughter succumbed to the malady  
and Mrs. Beebe still thinks that every-  
thing in the house ought to be nailed  
down. For several hours the big Al-  
pena was lost in the fog and soundings  
for depths were frequently taken  
while the big boat drifted almost at  
will. The big waves crunched all  
those who sought the fresh air of the  
deck and the dense fog was aggravated  
by burning timbers on the shore.  
At Harbor landing the life saving crew  
rescued a number of men from tugs,  
sloops and barges, and the boats, one  
a big side wheeler, were stranded.  
Many on board the Alpena were so  
sick that they cared little what the

maids on board were in a state of  
complete collapse, and the cabins and  
saloons, to use Mr. Beebe's expression,  
resembled a slaughter house. The  
crew acknowledged that Lake Huron  
never behaved worse.

## Mr. Floeter's Rise.

The C. H. & D. Magazine, a bright  
and sparkling monthly publication,  
and decidedly neat typographically, is  
out for September, and among its  
usually interesting sketches and com-  
ments is an elegant half-tone of Supt.  
Floeter, accompanied by the following  
biography which accounts for gradual  
rise into railroad official prominence:  
"Mr. S. B. Floeter, the well known  
and popular superintendent of the  
Dayton & Michigan division of the C.  
H. & D. was born in Chatham, Ont.,  
learned telegraphy in the Montreal  
telegraph company's office there in  
1871. From 1872 to 1875, telegraph  
operator and ticket clerk in the Great  
Western Railway's office, '75, ticket  
clerk for Central Pacific railway, at  
San Francisco, Cal.; December, '75, to  
October, '81, with Canadian Southern  
railway as agent and train dispatcher;

Mr. Floeter is recognized in Lima as  
a thorough railroad man, and as such  
he enjoys the respect of the men who  
are governed by his advice, as well as  
by the citizens in general, who ad-  
mire him for his excellent traits of  
character.

## Crews All Busy.

Superintendent of Construction C.  
M. Overly has everyone of his crews  
busy, and there is plenty of work  
ahead. At Toledo one crew is at work  
erecting a protecting wall and drive-  
way from Ottawa street to the main  
freight depot, a distance of about 300  
feet. There is lots of filling to be  
done on the job.

when completed over the Jackson cut  
between Milton and Custer.

Work on the abutments for the Has-  
kins bridge and several smaller ones  
on the Findlay branch is keeping a  
number of men daily employed, and a  
gang is engaged in moving the depot  
at Custer from the west to the east  
side of the track.

The day of days at the Pan-Ameri-  
can Exposition will be Saturday, Sept.  
14th, to be observed as Railroad Day.  
It will be a good time to take in the  
Exposition. A good route to take to  
Buffalo is the Pennsylvania, over  
which low fares are in effect. See the  
nearest Ticket Agent of the Pennsyl-  
vania Lines about the cost and com-  
fort of the trip. F. M. Eakin, Ticket  
Agent.

From and after September  
1st, all gas bills will be pay-  
able at the office of the com-  
pany, 112 west Market street.  
Collectors will not be sent  
out in the future. e-o-d

# FALLING HAIR

Prevented by Shampoos of CUTICURA SOAP and light dressings of CUTICURA, purest of emollient skin cures. This treatment at once stops falling hair, removes crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

## MILLIONS USE CUTICURA SOAP

Assisted by CUTICURA OINTMENT, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA Soap in the form of baths for annoying irritations, inflammations, and excoriations, for too free or offensive perspiration, in the form of washes for alleviative weaknesses, and for many antiseptic purposes which readily suggest themselves to women and mothers. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients, and the most refreshing of flower odors. No other medicated soap is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines, in ONE SOAP at ONE PRICE, the best skin and complexion soap, and the best toilet and baby soap in the world.

### New China-ware For Bohemia.

An entirely new china has just been introduced into London under the name of esca aurora, says a London newspaper. It comes from Bohemia and has been awarded medals at several exhibitions. Its chief characteristic is the exquisite luster which is produced on the surface, giving it a metallic appearance. The prevailing colors of the ware are deep purple, crimson and orange with a dull bronze sheen. The designs are mostly in full nouveau style, simple motives obtained by lines and curves on vases of novel and artistic shape, scarcely any two pieces being exactly alike.

Mr. A. Norr of 819 north Main street, brick mason by trade, says: "I was troubled for some years with heavy aching pains across the small of my back, causing such misery that at night I could not rest and what sleep I did get seemed to do me no good, as I arose in the morning, feeling tired and sore all over. The kidney secretions were highly colored and deposited a heavy sediment. I procured Doan's Kidney Pills at Melville's drug store and used them. They helped me from the start. I was soon not bothered at all with my back or kidneys."

For sale by all dealers. Price 50 cents a box. Foster-Milburne Co., Buffalo, N. Y., sole agents for the U. S.

### Up to Date Witchcraft.

The witch business in Pennsylvania is not what it used to be in good old Massachusetts days, says The Observer in Harper's Weekly. The other day in Shamokin Mr. Schuck, whose vocation is claiming to be a witch and in carrying out his duties, failed to induce a small but select coterie of witches to leave some cows in whose midst they had taken up a habitation. So the law got hold of Mr. Schuck and held him to leave, all because the witches wouldn't leave, the cows wouldn't get well and Mr. Schuck wouldn't return the \$1.75 he had collected for evicting the venacious spirits.

### A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Bagnell, Mo. This remedy is for sale by Wm. M. Melville, old post office corner.

### BOTH COMPLIED

### When the Warden Asked For Their Resignations—The Cause.

Indianapolis, Sept. 13.—Harry L. Henderson, chaplain and state agent, and Dr. A. L. Spinning, physician at the state's prison at Michigan City, have resigned and are no longer connected with the institution. They resigned at the request of Warden Shideler, who declines to make public the reason, except to say that he asked for their resignations for the betterment of the prison. Warden Shideler tendered his resignation to Governor Durbin a few days ago and it has been accepted.

### Ecuador Neutral.

Washington, Sept. 13.—The Colombian legation received a long cablegram from the state department at Bogota, the Colombian capital, reporting that everything was quiet there and announcing a lack of authentic news regarding the bombardment of Rio Hachu by the Venezuelan fleet. The legation has received a letter from the Colombian minister at Quito, Ecuador, dated Aug. 28, saying that the Ecuador government has given him the most friendly assurances of an intention to maintain strict neutrality toward Colombia.

### Three Negroes Lynched.

Louisville, Sept. 13.—News has been received here that a mob of negroes broke into the jail at Wickliffe, Ky., and lynched three negroes, Frank Howard, Sam Feed and Ernest Harrison. They hanged the men to a cross beam in John McCauley's mill. The men lynched were charged with having waylaid, murdered and robbed an old and respected negro, Wash Thomas, Saturday night. The murderers confessed their crime to the mob.

### Disastrous Freight Wreck.

St. Paul, Sept. 13.—A disastrous freight wreck occurred on the Great Northern railroad near the Cascade tunnel in Washington. The cars jumped the track and piled up in a heap. Fire ensued and \$1 cars loaded with merchandise were totally destroyed. The engineer, Frank Zabigan, and the fireman, John Campbell, were unable to escape from the engine and were killed. Conductor Nordquist was injured.

### Powers Support Spain.

London, Sept. 13.—A dispatch from Tangier says the Austrian, British, French, German and Russian representatives have sent a joint note to the sultan of Morocco supporting Spain's demands for the release of the Christian captives captured by the Moorish tribes, compensation for their capture and the punishment of the tribes.

### Sentence Commuted.

Frankfort, Ky., Sept. 13.—Governor Beckham commuted to life imprisonment the death sentence of Holly Strutton, who was to have been hanged at Lawrenceburg for the murder of Newton Searcy.

### Sampson's Sick Leave.

Washington, Sept. 13.—It was stated at the navy department that an application had been made and granted for a two weeks' extension to Admiral Sampson's sick leave.

## PEOPLES'

Building and Savings  
Co. Chartered

With a Capital Stock Lim-  
ited at \$250,000.

Incorporators are all Citizens of  
Lima—Stock to be Sold at Par  
for One Hundred Dollars  
Per Share.

Lima is to have a new building and  
savings association and the personnel of  
the incorporators and officers of the  
organization indicates that the com-  
pany will be a strong one. The new  
company has been incorporated under  
the laws of the state of Ohio and the  
following citizens of Lima are the in-  
corporators.

J. M. Seals, William Roberts, H. M.  
Colvin, J. W. Griffin, J. W. Mowen, J.  
H. Morrison, James S. Smith and  
Thomas Fitzgerald. All of the in-  
corporators except Messrs Seals and  
Griffin are members of the board of  
directors and the officers of the asso-  
ciation are as follows: William  
Roberts, president; J. H. M. Morrison,  
vice president; J. W. Mowen, attorney  
and secretary; James S. Smith,  
treasurer.

The new company is purely a local  
organization and its capital stock is  
limited to the amount with which it  
was incorporated: \$250,000. Only  
2,500 shares of stock will be sold and  
there will be no prepaid stock sold at  
reduced rates.

The present office of the company is  
in rooms 37, 38 and 39 Opera House  
block, where the books are already  
open for subscriptions to stock which  
is sold at par value, \$100 per share.  
A low rate of interest is to be charged  
on borrowing members.

## STOCKS SLUMPED

Both in America and England  
This Morning.

Special by wire to Times-Democrat.  
New York, Sept. 13.—The stock  
market slumped here on the opening  
from one to six points on the news of  
the president's condition, and there  
was great excitement on the London  
stock exchange, when the news be-  
came known.

## PROGRESSIVE

Spirit of Local Hiber-  
nian Lodges

Recognized by the National  
Organ of the Order.

Good Words Spoken by the National  
Hibernian for the Officers and  
Members of the Lima  
Divisions.

The National Hibernian, the official  
organ of the Ancient Order of Hiber-  
nians, contains the following refer-  
ence to the two divisions of the order  
in this city:

The first county on our rolls is "Al-  
len." The county president is W. J.  
O'Connor, an earnest, aggressive  
worker of the order. The two divi-  
sions in Lima have made phenomenal  
gains during the past year—the mem-  
bership has increased from 90 to 190.  
This is not all. Each division has pro-  
cured its own regalia and expects to  
reach the 200 mark before 1901 passes  
into history. Among our membership  
in Lima are many men holding re-  
sponsible positions in the adminis-  
tration of city and county affairs. We  
feel confident at this time in asserting  
that when Allen county is called at  
Springfield in 1902 the report will  
show that she has trebled her mem-  
bership during the year 1901. Sunday,  
Sept. 23, will be a memorable one in  
Allen county, as on this date a class  
of fifty candidates will pledge their  
fidelity to the cause of friendship,  
unity and christian charity.

## VENERABLE

Harrison Hall Passes to  
Rest.

Died Last Evening at His  
Daughter's Home.

Was Born at Zanesville Nearly  
Eighty-Eight Years Ago—  
Funeral Arrangements Not  
Completed.

Harrison Hall, one of the oldest and  
most highly respected men of Lima,  
passed away at about 6:30 last eve-  
ning at the home of his daughter, Mrs.  
D. A. McComb, No. 215 west Eureka  
street. His death, which is deeply re-  
gretted by many, is attributed to the  
effects of general debility.

Mr. Hall was one of the pioneers of  
the state. He was born in Zanes-  
ville, Ohio, nearly 88 years ago, where  
he spent his early life. Some years  
later in life and until his health be-  
came impaired, he made a success in  
the business world as a contractor.

Mr. Hall leaves to mourn their  
great loss, one daughter, Mrs. D. A.  
McComb, postmaster George Hall,  
contractor Wm. Hall, all of this city,  
and E. E. Hall, of Elkhart, Ind. The  
funeral arrangements have not been  
completed as Mr. Geo. Hall is in  
Cleveland and Wm. Hall is also ab-  
sent from the city.

## BRAKEMAN

Badly Injured on the L.  
E. & W. To-day.

Tom Downey Knocked Off of  
a Car a Fremont.

Was Brought to This City in a  
Caboose and Removed to His  
Home on South Main Street  
This Afternoon.

A painful and peculiar accident oc-  
curred at Fremont this morning, the  
victim being brakeman Tom Downey,  
of 1123 south Main street. Downey's  
friends found him in an unconscious  
condition at the above station. His  
fellow workmen looked after his com-  
fort and had him brought to this city  
on a freight train, arriving here at 2  
o'clock. The Bennett ambulance con-  
veyed the injured man to his home,  
Surgeon Hall, for the L. E. & W. was  
summoned and he found Downey's  
head to be badly injured and his pulse  
quite rapid. The peculiar part of the  
accident is the fact that Downey  
does not know how he was hurt. He  
says he thinks he was struck while  
on the side of a car but he is not cer-  
tain of this. His injury, while serious,  
is not considered necessarily fatal.

## HILL

Fined \$10 for Holding Back  
Cecelia,

The Lima Horse Got the Flag in  
the Third Heat of the 2:20  
Pace at Findlay.

The judges at the Findlay fair  
soaked Elmer Hill for \$10 yesterday  
for not driving Cecelia, Guy Curtis'  
pacing mare to win, and all bets were  
declared off. There were three horses  
entered, Ovadel winning in straight  
heats, and Cecelia dividing honors  
with Silverina until the third, when  
she was distanced.

This afternoon Ima Dawson will  
start in the 2:16 pace and Cecelia  
again in the 2:50 pace with a big field.  
Ima Dawson was the favorite in the  
betting at the Annex last night and  
the bookmakers were called upon to  
cover a lot of money.

Chris. Englehart, the popular and  
efficient driver of the north side, has  
been appointed captain of that department and is receiv-  
ing the congratulations of his legion of  
friends. Chris. is one of those kind  
of men who have made the Lima fire  
department second to none in the  
state and as captain and driver of the  
north side department he is sure to  
keep that crew up to the high standard  
its past service has merited.

Home Guards Will Meet.  
The local lodge of the Home Guards  
of America will meet in the Odd Fel-

School Athletic association the fol-  
lowing officers were elected for the  
ensuing year: President, Walter  
Longworth; vice president, Willie  
Laidick; secretary and treasurer,  
Edwin Gordon.

## PLEASED

Is the Congregation at  
Wellsville

With the Ability of Its New  
Pastor from Lima.

Rev. Clarence Mitchell Preached  
His Initial Sermon to His New  
Congregation on Last  
Sunday.

Writing to a fellow member of the  
Maccabees order, Rev. Clarence  
Mitchell, who recently accepted a call  
from a Wellsville, N. Y., congregation,  
says:

"Dear Bro:—Till the Sir Knights I  
reached here O. K. and am highly  
pleased with the place and have one  
of the best congregations in N. Y.  
state. I want to thank you personally  
for the many kind things you did for  
me while at Lima and the Times-  
Democrat for many courtesies shown  
me. I shall always feel especially  
grateful. Fraternally,  
CLARENCE MITCHELL."

The Wellsville Daily Reporter, con-  
cerning Rev. Mitchell says:

"The congregation Sunday greeted  
the new pastor of the Broad street  
church, Clarence Mitchell, by large  
audiences in the morning and evening  
and the mutual impression was favor-  
able to all concerned. A peculiar  
feature of Mr. Mitchell's preaching his  
first sermon, was the meeting of  
the congregation and pastor for the  
first time as neither had previously  
seen the other and his engagement was  
founded wholly upon his work in the  
city of Lima, Ohio, which was con-  
spicuously successful and stable and a  
matter of note in that state.

The congregation are certainly to be  
congratulated upon securing such an  
eloquent and enthusiastic young man  
as pastor and all who heard the ser-  
mon of yesterday are of this opinion.  
The congregation are planning to ten-  
der him a reception in a few days.

Mr. Mitchell took an active part  
and was prominent in local and state  
work in Ohio as a member of the Odd  
Fellows lodge and the Maccabees.
